Before the court is a document filed by Plaintiff titled, “NOTICE OF Massive Poisoning and Flushing of America’s Rivers and Lakes The Immense Destruction of Lake Champlain” and construed by the court as a motion seeking the same relief as motions previously denied by this court [DE 21]. In addition, Plaintiff has filed a “supplement” to the motion [DE 22].

For the same reasons set forth in the prior orders, the present motion is DENIED. The court notes that the present motion is dated January 12, 2021, only two business days after the court issued an order warning Plaintiff about his litigation conduct. Again, the court will not impose sanctions at this time, but reminds the Plaintiff that he may be sanctioned for any further improper litigation conduct, including but not limited to the filing of repetitive unsupported and/or

frivolous requests for relief, if he fails to comply with the applicable law, rules, or this court's orders.

SO ORDERED this 22nd day of January, 2021.

RICHARD E. MYERS II
CHIEF UNITED STATES DISTRICT JUDGE
